here's the Corps' draft letter. Less detailed than ours, given their scope. We could add to the 404 piece of ours with a little LEDPA language. What do you think?

Mostly, your standard stuff (we don't currently have enough information for more in depth comments). Have a great Monday

Good morning Paul,

Attached are regulatory's comments on the NOI. Because of Operations' authority under Section 408 (Rivers and Harbors Act) and Engineering's involvement in the H&H aspects of SPK's Civil Works projects in the Delta, I've copied Meegan, Claire Marie and Greg on this email. Their input to our

comment letter would be valuable.
